FURNISHINGS

About Us

Designform Furnishings was founded in 2008 by Burke Schechtel as a division of Global Source Industries. We are headquartered in Aliso Viejo, California, with additional distribution facilities in Vancouver, Canada. With sales reps located across the US, Canada, and Internationally, we offer worldwide support, coverage, and customer service for our product line.

Designform Furnishings was conceived with the notion that our clients should be able to purchase high-quality, well-designed contract-grade furniture at affordable prices. We manufacture “design-focused” furniture, specializing in restaurant, hotel, and hospitality projects. Our products can be found in some of the most prestigious hotels, restaurants, and bars around the world.

Our products are manufactured using the finest quality materials including American White Oak, Ash, American Walnut, European Beech, and Grade A Teak. Our upholstery options include Italian leathers and fabrics sourced from the top mills in the world.

Our product line includes side & arm chairs, bar & counter stools, lounge chairs & sofas, table bases, table tops, accent tables, and a full complement of outdoor products. All of our products are available in a wide range of in-line finish and upholstery options.

In addition to our standard product line, we also have custom fabrication capabilities.
